RE: MobileBytes Installation

Mat

On April 7 Baristas Coffee Bar opened to the public. Because of the help of Travis Williams the POS was a virtual seamless process on opening day. Travis worked very well with Keller and me in obtaining the information to load for our system. It was a bit difficult for all of us as the opening date was a moving target, as was the menu itself. Travis was very patient, helpful, understanding, and always accommodating to our every changing dates and times. He continued to be very prompt when we sent him questions, and always let us know who to contact if he was not going to be available.

We are glad we chose MobileBytes for the POS for Baristas, and glad Travis was there to help us get it up and running!

Sincerely,

Patty Schaefer, CPA, CMPE, CGMA | CFO
